ADVERTISING DISPLAY FLAGS
Our premium advertising display flags have four basic designs:

BLADE, TEARDROP, PREMIUM 90 AND SHARK FIN

These flags are designed specifically for our premium poles. The poles are made of extremely durable fiberglass. The flags and poles are designed to maintain the shape of the flag, allowing visibility of your printed message, even in windless conditions.

We offer a wide selection of ground spikes, bases and mounts to make these flags a perfect solution for any location.

CUSTOM FEATHER FLAGS
TRADITIONAL STYLE

Our traditional feather & attention flags offer a range of sizes, shapes, and design options that include solid colors, stripes, panels, messages and full custom designs. These flags are designed to go on our fiberglass telescoping poles and are best used in semi-permanent installations. However, with multiple base options and mounts to choose from, you can set up these flags anywhere. In addition to the standard pole sleeve, these attention flags can be finished with canvas header and grommets to be flown on a traditional flag pole.

SR = Single Reverse Flag   DS = Double Sided Flag

DESCRIPTION	SR ITEM#	DS ITEM#	GRAPHIC HEIGHT	GRAPHIC WIDTH	TOTAL HEIGHT	TOTAL WIDTH	TOTAL DEPTH	WEIGHT	MATERIAL
6' Feather Flag Print (Any Shape)	FLT1320	FLT1325	72"	33"	-	-	-	1 lb	Nylon or EverTex®
8' Feather Flag Print (Any Shape)	FLT1330	FLT1335	96"	33"	-	-	-	1.25 lbs	Nylon or EverTex®
10' Feather Flag Print (Any Shape)	FLT1340	FLT1345	120"	33"	-	-	-	1.4 lbs	Nylon or EverTex®
12' Feather Flag Print (Any Shape)	FLT1350	FLT1355	144"	33"	-	-	-	1.5 lbs	Nylon or EverTex®
15' Feather Flag Print (Any Shape)	FLT1360	FLT1365	180"	33"	-	-	-	1.75 lbs	Nylon or EverTex®
18' Feather Flag Print (Any Shape)	FLT1370	FLT1375	216"	33"	-	-	-	2 lbs	Nylon or EverTex®

Traditional Feather Flags require wind to keep the printed message and/or design visible.

*Use 15' Pole for 6', 8', 10' & 12' Flags. **Use 21' Pole for 15' & 18' Flags. Poles are shipped with a permanent ground sleeve.

TELESCOPING POLES
Poles come with permanent ground sleeve at base of pole.

Say it in Neon

NEON PRINTS
FLAGS, BANNERS & DISPLAYS

Have your products stand out when you print on our neon flag material. This material is extremely vibrant and is sure to capture the attention of everyone that walks by.

RECOMMENDATIONS:

When printing on our neon material we suggest using black only. Any other color will blend with the neon and not come out as you might intend.

HOW TO DESIGN IT:

You can use **(A)** black for the color of your message or logo or **(B)** as a mask to knock out the neon underneath.

LET YOUR SALES REPRESENTATIVE KNOW WHAT YOU NEED!

THE BEST CUSTOM FLAGS ON THE MARKET

DYE PRINTED FLAGS

We produce brilliantly colored, custom printed flags. We dye print our products by digitally printing with the highest quality equipment in the world. We can also screen print the flags with brilliant dyestar inks. Our dye printing saturates the UV-protected materials with fade resistant inks, ensuring the longest lasting, highest quality printing in the world. Flags can be printed as single reverse or double sided. We also offer different sizes and shapes of finishing. Flags can be printed on our proprietary EverTex® material or on nylon.

MATERIALS
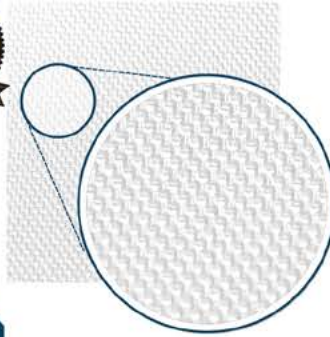

NYLON

Nylon is a durable, UV-protected material for outdoor prints and the industry standard for flags.
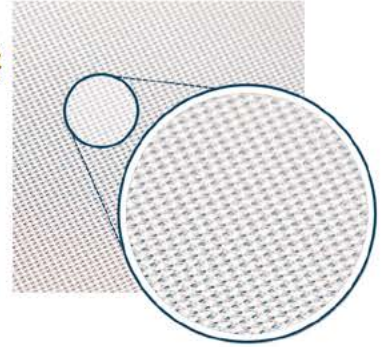

EVERTEX®

EverTex® is our proprietary flag material made of a highly durable, knitted polyester. We believe it is the longest lasting, most durable flag material in the world. We are proud to introduce to you what we believe will revolutionize the American flag market.

SHAPES & CONSTRUCTION

SINGLE REVERSE V. DOUBLE SIDED

AWESOME PRINTS
FRONT

AWESOME PRINTS
FRONT

AWESOME PRINTS
BACK

AWESOME PRINTS
BACK

Single Reverse prints have a 90% penetration rate and show the reverse image of the front side.

Double Sided prints can have two different designs on each side and have a liner sewn in between to keep images from meshing with each other.

FINISHING STYLES: 4 SHAPES TO CHOOSE FROM

STANDARD
The oldest and most used form of advertising for promotion.

GUIDON
Usually used in promoting military units in all of the branches.

BURGEE
Typically made for signaling and identifying boats and yachts.

PENNANT
Most often used for identifying teams & champions of all sports.

CUSTOM SHAPES

We pride ourselves in our ability to create anything you can dream of...so when it comes to custom shapes or additions, such as fringes, frays or anything else, we believe we can do it better and faster than anyone else. Additional fees may be added on depending on the time and additional materials needed. Please contact your sales representative for further details and we will get back to you asap.
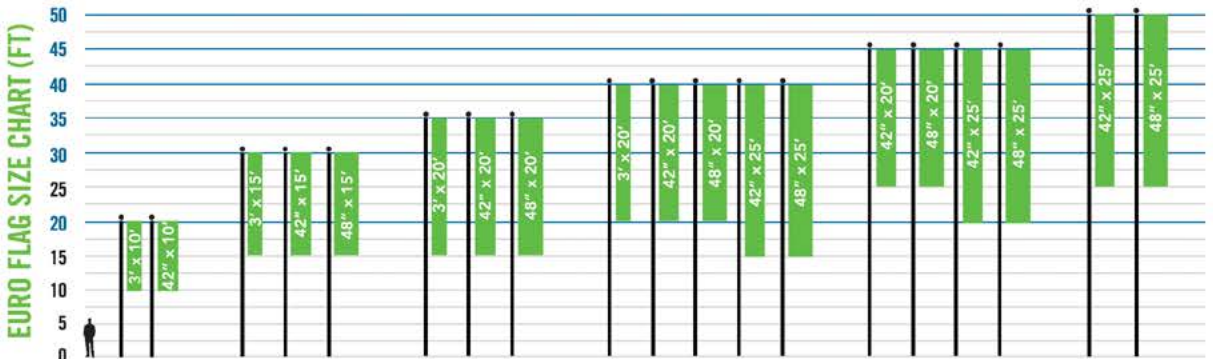

EURO AD FLAG

Our Euro Ad Flags allow traditional flag poles to be transformed into a beautiful advertising media display. Based on a popular form of advertisement in Europe, we have developed a process to mount a vertical banner on a traditional flag pole with slight modifications. Each flag contains pole pockets to hold the pole hardware. Simply insert the vertical pole and horizontal pole into the pole pockets and add rope retainer rings every 4' to 5'. Weights are optional accessories to add to the bottom of the flag. The flag will fly perfectly and provide highly visible advertising.

HOW IT WORKS

STEP 1
Flags are sewn with pole sleeves for housing display hardware.

POLE SLEEVES SEWN CLOSED

YOUR FLAG

STEP 2
Hardware inserts into pole sleeve before installation

INSERT VERTICAL BAR POLE IN VERTICAL SLEEVE

YOUR FLAG

STEP 3
Flag pole clip attaches to top of pole hardware, as flag is hoisted.

INSERT HORIZONTAL BAR POLE IN HORIZONTAL SLEEVE & ATTACH TO VERTICAL BAR POLE
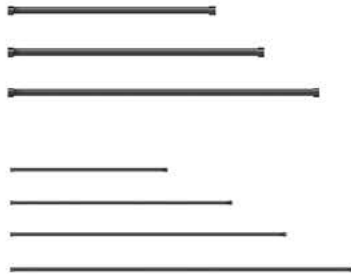

YOUR FLAG

STEP 4
Attach rings to flag, and fasten base weight at the bottom.

ATTACH TOP SLEEVE GROMMET TO FLAG POLE HALYARD . THEN HANG RETAINING RINGS AROUND POLE. FASTEN POLE WEIGHT AND HOIST FLAG.

YOUR FLAG

BLESS THIS HAPPY HOME

Welcome

GARDEN FLAG

Garden flags are produced on durable, knitted polyester. The material is loose knit and hangs cleanly on the garden pole. This allows your custom design to stand out in your front yard or garden. It can also be used for basic advertising. In addition to our standard design, we now offer a 60" Garden Blade Flag.

SR = Single Reverse Flag   **DS** = Double Sided Flag

ROLL N' GO DISPLAY

Our portable Roll N' Go display accepts signs from 12" x 18" to 24" x 30". Used for safety, valet parking and sale notice signs, this display is versatile and easy to move. Printed signs can be added and removed in seconds. It can also be used with single mounted signs or 2-sided, back-to-back mounted signs. Stability plates keep the sign from twisting on the pole. The outdoor sign holder has a rust-proof, low-profile technopolymer base with a ballast port that can be filled with sand or water for extra stability in winds up to 30-40 mph. Portable pole outdoor sign can be easily moved from place to place—just grab the nylon loop handle, lean it over and then Roll n' Go.

CUSTOM LED PILLAR INFLATABLE

Custom LED Pillar Inflatables are a fun and attractive way to add excitement to an entrance or path, highlight an area, or mark an event perimeter. They can also function as decorative room partitions. Pillars are great tools for temporary branding solutions - and can be fully printed with custom messages or logos.

The LED Pillar Blower, which features an internal motor that continuously rotates the blower 360 degrees, also lights up your pillar to attract every customer that walks by. The rotation blower combined with the lights is a sure way to maximize exposure for your business or event.

* LED blower motor shown is a modified illustration, therefore model could look different.

TRADESHOW KITS
LED/NON-LED BOX DISPLAYS

The ultimate visual display for attracting customers to your booth! These easy-to-setup "LED/NON-LED" display kits have 2 display options. They can be LED edge lit, which vividly displays your message to every customer with rows of led lights or simply go NON-LED and display a beautifully printed textile photo. Displays come in 3 pre-cut sizes. Frames can hold a single sided print on both sides.

For custom sized lighbox displays contact us for a custom quote.

ARROW TIP SIGN HOLDER

With easy assembly and display, this stand is perfect for any advertising opportunity.

Comes with travel bag.

- ✔ M shaped steel bases accommodate up to 1" thick substrates such as styrene or foam board.

- ✔ Use with double sided graphic for front and back viewing.

- ✔ Interior holes with carriage bolts and wing nuts support any rigid graphics. Make matching holes in graphics or use without holes holding graphic above the carriage bolts.

- ✔ Extremely sturdy as all the weight is centered on the floor.

- ✔ 3-1/2" Height off floor, 9" from front to back.

SIMPLY WEDGE YOUR GRAPHIC PRINT IN BETWEEN THE TWO SIGN HOLDERS

SILICONE-EDGED TEXTILE FRAMES

Whether you are looking for a permanent installation or highly visible portable display, our textile frame light-box options offer a professional look for any advertising need.

NON-LED & LED FRAME ASSEMBLY

All of our textile frame products combine ingeniously-designed rigid frames with the softness of beautiful textile prints. The prints are fitted with a silicone strip that fits exactly into the groove of the frame. The images below illustrate this concept.

Mounting prints with silicone strips is easy. The quality is exceptional, whatever the size of the frame. You will not be able to discover a single crease, even in displays as large as 20 x 10 feet, and installing a print takes only a matter of minutes. Should anything be unclear, do not hesitate to contact for help.

EASY TO ASSEMBLE

HIGHLIGHTS
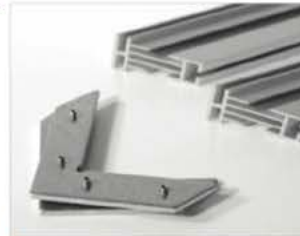

✔ Easy to change out prints even without any experience

✔ A high-quality innovative appearance that distinguishes you from all other point of sales products

✔ Compact and lightweight

FRAME ASSEMBLY

Parts
Profile with corner connectors

Step 1
Place one corner connector per corner

Step 2
Use allen key to tighten screws

Step 3
Press silicone strip in the profile groove

SILICON-EDGED LED FRAMES

Textile light boxes use aluminum extrusion frames and push-fit fabric graphics. Frames listed are available with or without LED lighting, and are single or double sided. LED lights easily attach to the frame, making set-up as simple as assembling the frame, applying the push-fit graphics and plugging in the electrical cord!

A Thin Frame without LED Lights

B Frame with LED Lights

AVAILABLE SIZES

Choose one of these beautiful textile frames and enhance the visual appeal in your store. All frames are 78" in height and width size ranges from 24" to 60". **Custom sizes are available.**

Each frame has a NON-LED and LED option to choose from. Premium Travel Case also available for both styles.

THE HALO BANNER SYSTEM

THE HALO BANNER

The Halo Banner system is a new and creative way to attract and advertise to customers from all 360° views. Perfectly designed for all types of poles, ranging from 4' to 8' in length, this system creates a beautiful look for concerts, restaurants, sporting events, mall parking lots and every outdoor event where mountable poles are available.

Prints are full color and printed on our Poly 600 material.

Sizes range from 48" to 96" in height.

AVENUE BANNERS

A great way for cities, towns, apartment complexes and many others to promote themselves, Avenue banners are attached to light poles with two aluminum brackets. The banner has a standard fold-over pole pocket on the top and bottom, with sewn, vertical edges and 2 brass grommets.

HIGHLIGHTS

✔ High-Quality hardware for incredible stability

✔ Array of materials to print on

✔ Large range of sizes to advertise your event

✔ Easy assembly and changeout of graphics

DREAM.CREATE.PRINT.

Single reverse banners are printed on nylon, while double sided prints are printed on vinyl.

THE COMMERCIAL FRAME

Our most popular frame - the Commercial Tent Frame - is the highest-quality standard tent frame available. With thick-walled, hexagonal aluminum tubing, this tent frame is the best in the business.

FUN FACT:

The tough frame is built strong enough to hold up to 50lbs on its bracing arms. It is also the #1 selling tent we carry.

PATIO UMBRELLAS

Our patio umbrella canopies are beautifully crafted of 200 D polyester. Graphics are printed with dispersed dyes and materials are pre-treated to ensure long-lasting color and durability. The canopy is water repellent and weather resistant. We can digitally produce one piece or many pieces with full graphics. We can also screen print individual color locations. We have added a new line of umbrellas that offer more frame options or a sleek, modern style.

BASE SOLD SEPARATELY

CUSTOM PRINTED WALLPAPER

With our custom-printed wallpapers, your company lobby can have a dramatic floor-to-ceiling mural showing your products, city, logo or history of the company. Your restaurant can have entire walls of old photos or scenery to set the right mood. Retail stores can have custom wallpaper that strengthens their branding.

Our custom wallpaper is printed on 15 oz commercial grade vinyl with UV cured inks that are solvent free, washable and will not fade. The images we print are as durable as those on store bought wallpaper. Our standard material has a nice, smooth feel and is recommended for all styles of applications.

Call one of our customer service representatives for more information regarding your custom wallpaper needs.

**WORKS GREAT ON
CLOTHES AS WELL**

WALLTEX SELF-ADHESIVE FABRIC

Use our removable wallpaper materials where you don't want to make a permanent installation. It sticks great to drywall, metal, glass, and works great on clothes as well. It comes with an adhesive back and a release paper, so if you are a little bit handy you can install it yourself.

This a polyester fabric with "sticky note" adhesive on the back. It's good for at least a few years, comes off easily, and smaller pieces can be moved and re-applied. It's also great for window displays and is transparent enough to be backlit.

This material is not waterproof.

Call one of our customer service representatives for more information regarding your custom design and needs.
